1) Face-to-Face Support Groups: CancerCare - New York City offers several face-to-face support groups for cancer patients including:
   - CancerCare - SAGE: Gay Male Cancer Survivors Support Group: 12-week, face-to-face support group is for gay men cancer survivors who are 50 or over. This group is a partnership between CancerCare and SAGE. General Patient Support Group: 12-week face-to-face group for people who have been diagnosed with cancer and are receiving a form of active treatment (which may consist of surgery, chemotherapy, radiation, hormonal treatments and/or advanced cancer treatment).  
   - Support Group for Spanish Speaking Women Diagnosed With Cancer (Grupo De Apoyo Para Mujeres Diagnosticadas Con Cancer): 12-week face-to-face group is for Spanish-speaking women who have been diagnosed with cancer and are receiving a form of active treatment (which may consist of surgery, chemotherapy, radiation, hormonal treatments and/or advanced cancer treatment). Este encuentro de 12 semanas de cara a cara es para mujeres en español que han sido diagnosticadas con cáncer y estan recibiendo una forma de tratamiento activo (el cual consta de cirugía, quimioterapia, radiacion, tratamientos hormonales y/o tratamientos avanzados oncoligicos).  
   - Living With Cancer: A Group for Older Adults (65 and over): 12-week face-to-face support group for older adults (65+) diagnosed with cancer who are receiving a form of active treatment (which may consist of surgery, chemotherapy, radiation, hormonal treatments and/or advanced cancer treatment).  
   - Women with Cancer Support Group: 6-week face-to-face support group for women over 40, who have been diagnosed with cancer and who are receiving a form of active treatment (which may consist of surgery, chemotherapy, radiation, hormonal treatments and/or advanced cancer treatment) or who have received treatment in the last 18 months.  
   - Young Adult Post Treatment Survivorship Support Group: 12-week face-to-face support group for young adults between the ages of 20 and 39 diagnosed with cancer who have completed their treatment for cancer within the last 18 months.  
   - Young Adults With Cancer: 8 session, biweekly face-to-face support group for young adults between the ages of 20 and 39 diagnosed with cancer who are receiving a form of active treatment (which may consist of surgery, chemotherapy, radiation, hormonal treatments and/or advanced cancer treatment).  
2) Online Support Groups: variety of online support groups for cancer patients provided. Online support groups take place using a password-protected message board format (not live chat) and are led by professional oncology social workers who offer support and guidance.  
   - Groups are held for 15 weeks at a time, and group members must register to join. After completing the registration process (which can take up to 2-3 business days), members can participate by posting in the groups 24 hours a day, 7 days a week.
3) Telephone Support Groups: telephone support groups for cancer patients provided. Connect with other people from across the country who share similar concerns in weekly, regularly scheduled, one-hour sessions.
