Additional Information

Program Details

The American Society of Clinical Oncology (ASCO) is an international professional society representing approximately 25,000 physicians of all oncology subspecialties, both in the United States and abroad. ASCO's cancer specialists are involved in clinical and translational research as well as patient care, and work toward finding more effective cancer treatments. *** SPECIAL UKRAINE INITIATIVE - For information for patients with cancer and physicians in Ukraine and neighboring countries, visit asco.org/ukraine *** ASCO publishes the "Journal of Clinical Oncology" (JCO), a peer-reviewed medical journal on clinical cancer research. FOR PATIENTS AND FAMILIES, ASCO produces Cancer.Net a comprehensive online resource providing oncologist-approved cancer information to help make information healthcare decisions. The following information may be accessed on the Cancer.Net website ONLY, at <http://www.cancer.net>: - Guides to more than 120 types of cancer and cancer-related syndromes (including many in Spanish), and descriptions of how cancer is diagnosed and treated - Information on managing side effects of cancer and cancer-related treatments - Practical coping advice - Survivorship information - Advanced Cancer Care Planning booklet - Medical and anatomical illustrations, as well as an oncology dictionary - Consumer-friendly summaries of the latest research advances - Find an Oncologist database -- ASCO's worldwide member oncologist locator is available via "Find a Cancer Doctor". This feature offers physician searches by name, location, specialty, and geographic area. - Weekly feature articles designed to provide in-depth information on topics of interest, as well as practical information on cancer care and treatment - Audio Podcasts of patient information on cancer research, treatment, coping, and many other topics to give people with cancer, and their families and friends The ASCO Cancer Foundation supports educational programs; facilitates the dissemination of information about cancer and cancer treatment to patients and their families; and, through its grants program, supports and encourages clinical research in the field of oncology. The ASCO Cancer Foundation Web site is <https://www.conquer.org/>. ASCO does not provide referrals but has listings of oncologists by geographical area, oncology specialty and/or board certification via its website, www.cancer.net.
